# PODS

#### PROFILE OF A DISCIPLED STUDENT

PODS is a group or one-on-one discipleship curriculum based on topics and readings from the Bible and designed with international students in mind. Choose a topic from the reverse side to cover with your group and work through the questions in the columns below. Be sure the group understands the ground rules for group discussion before you begin.

Adapted from Final Command Ministries- www.finalcommand.com

## Ground Rules for Group Discussion

- 1. The facilitator shares first to model pace and vulnerability.
- 2. Ask every question.
- 3. No one teaches or dominates discussion.
- 4. Share briefly.
- 5. Start and end every meeting on time.

- 6. Have everyone use the same, clear translation.
- 7. Take notes on OBEY responses to remember for next meeting.
- 8. For comments that are strange or outside the passage, ask, "Where is that in this passage?"
